

## BRICKS AND PAVERS

### BRICKS, BRICK RUBBLE, PAVERS AND MASONRY PRODUCTS

This material stream consists of:

- bricks - clay and concrete
- pavers - clay and concrete
- roof tiles - clay and concrete
- concrete blocks
- brick rubble.

This material is used to process with concrete to produce:

- Class 3 Pavement Materials (PM3/20RG, PM3/40RG)
- 20 mm non-spec rubble
- 40 mm non-spec rubble
- low grade bulk fills
- drainage aggregates.

ResourceCo Wingfield has processed nearly 6 million tonnes of material through the pugmill since its installation in January 2004.
