Suez-ResourceCo Pty Ltd

SUEZ-RESOURCECO MATERIAL DEFINITIONS

CLEAN CONCRETE

Does not contain mesh or reinforcement or any other foreign material.

CONCRETE (REINFORCED)

Does contain mesh or reinforcement but does not contain any other foreign material.

BRICKS (CLEAN)

Clean bricks only, must not contain fill material, masonry, timber wastes, industrial wastes or any other foreign material.

ASPHALT (CLEAN)

Clean asphalt only, must not contain fill material, concrete, bricks, masonry, timber wastes, industrial wastes or any other foreign material.

MIXED CONCRETE/BRICKS/ASPHALT

Must be clean, must not contain fill material, timber wastes, industrial wastes or any other foreign material.

MASONRY PRODUCT (SANDSTONE/GRANITE/CERAMICS)

Must be clean, must not contain fill material, timber wastes, industrial wastes or any other foreign material.

MIXED FILL

Concrete, Bricks, Asphalt, Masonry, mixed with Clean Fill Material. Must not contain any industrial wastes.

MIXED C&D WASTE

Concrete, Bricks, Asphalt, Masonry, mixed with Clean Fill Material, and up to 20% industrial wastes by volume (timber, plastic and steel only)

CLEAN FILL

Only fill material that meets EPA fill material guidelines. It cannot contain any other material, green wastes or industrial wastes.

WET CLEAN FILL

Only fill material that meets EPA fill material guidelines. Material will be classed as Wet if a vehicle would bog when driven through it. Wet Fill must not be free flowing liquid and cannot contain any other material, green wastes or industrial wastes.

CLEAN FILL MIXED WITH ODOUR

Only fill material that meets EPA fill material guidelines will be accepted. A full environmental report is required and the material must be preapproved.

CLEAN FILL MIXED WITH GRASS

Only fill material that meets EPA fill material guidelines, containing up to 40% grass by volume. It cannot contain any other material, green wastes or industrial wastes.

SUEZ-RESOURCECO RESERVES THE RIGHT TO REJECT ANY LOADS THAT FITS THESE CRITERIA.

All material accepted at the SUEZ-ResourceCo's facility is done so under SUEZ-ResourceCo's terms and conditions.
